Dear Sirs:

Replying to your favor of the 4th inst, would say; I have in my collection a Nays No. 3 in uncirculated condition — nearly proof surface beautiful light olive color, but damaged in the field near the cap, by two short and quite deep scratches. I am told that they can be filled up in a manner to defy detection, but fear to trust anyone to make the attempt. If the coin in your safe would be an improvement on mine, I would not object to raise the bid, but as that is uncertain I am at a loss to know what to do. If you think your coin will be an improvement on mine, as described above, you may increase my bid to $30.00 to cover both cost of coin & your commission.

Yours Truly E. Gilbert.
